Calendar is part of my morning routine in my first thru third grade autism class, they love counting along, remembering what month we are in, can remember what today is, tomorrow will be, and what yesterday was. I especially love the weather part.

Questions & Answers

Question August 10, 2019 from Margaret K.  
 Is there a way to edit the lowercase letter R so that it is a capital letter like the others in this resource? I'd love it if the resource was consistent with either all capital letters or all lowercase letter. Thanks so much for the resources you create.

Answer August 10, 2019 from Adulding Made Easy aka SpedAdulding (TpT Seller)

I'll work on that for an update. The font has the lower case and uppercase R switched for whatever reason so I'll have to go through and switch it to lowercase technically. I can understand your request for consistency though.

File has been updated.
