I teach 5 different Middle School classes. All are focused on work and life skills. This was a great, holiday themed resource. It was a little easy, for some of my students. But, it increases in difficulty and kept my students engaged. They enjoyed the holiday meal theme. I appreciate materials that are relevant to my students real life activities, along with being age appropriate.

Great activity to use during distance learning for my students. My students are working on vocational skills and this was a great activity. Super fun to use with the Thanksgiving holiday.

We all ended up in quarantine right before Thanksgiving Break - these were great to use and the students could do them independently through Google Classroom!
