We have loved using this as our Morning Meeting! The kids really enjoy having something different to answer each day instead of the same basic questions. It has lead to some really good discussions. My one suggestion would be to have the pages numbered. It gets a little tricky trying to make sure everyone is on the same page, especially if they miss a day or two. 5 stars overall!

This is an amazing resource! I love how the resource is so friendly usable for all my students. Every single one of them benefited from this resource. Even though they are all at different levels in their learning, this resource is not only teacher friendly, but student friendly! Thank you very much!

My students enjoy this resource. It keeps them engaged and the activities change each day. They are able to complete the task with little to no assistance
